

Delegate Project for Community Issues

We are asking delegates to come up with three issues that are affecting your community. They could be huge issues that may be affecting other parts of the state, such as water issues, or issues that are pertinent to your community such as traffic concerns or the preservation of an historical site. We are also asking you to do some research and find out who some of your elected representatives are. Please hand these in at registration. Use additional paper if needed.

Community: _____

1. Issue: _____

How this affects my community: _____

2. Issue: _____

How this affects my community: _____

3. Issue: _____

How this affects my community: _____

Elected Officials

You can find this information on www.votesmart.org. You will need your nine digit zip code (you can access that from the site) and the county information you can obtain from your county's registrar of voters. All of it should be available online.

U.S. Representative: _____ District _____

State Senate: _____ District _____

Assembly: _____ District _____ (some may have two)

County Commissioner: _____ Ward _____

Your Expectations

What are your expectations heading into this experience? Just a sentence or two about what you are looking forward to. I am not looking for a "perfect" answer I'm simply looking for your honest opinion. In order to improve this program I need your help and input on it and here's the first step. Thank you!
