

**NEVADA GIRLS STATE
SENATE BILL NO. 13**

AN ACT that will levy a tax on business organizations who choose to use straws of \$5 per 100 straws, in order to reduce the usage of plastic straws in Nevada, starting with business.

Section 1: This will encourage the usage of straw-less lids in business as they are made of a more accepted, recyclable plastic that also saves more money.

Section 2: This will encourage businesses to offer a type of reusable cup/straw combination and promote a discount to customers who use this product.

Section 3: This will encourage businesses to educate all staff members who work at their company, as well as guests and consumers, of the pollution occurring from using plastic straws and encourage guests to “make the switch”.

Section 4: This act will be effective upon passage.
