

NEVADA GIRLS STATE
ASSEMBLY BILL NO. 6

AN ACT that will cause The Nevada Division of State Parks to request funding from the Southern Nevada Public Land Management Act Parks, Trails and Natural Areas to increase the use of signage on Nevada's state hiking trails.

SECTION 1: Hiking trails with inadequate signage are incredibly easy to get lost on. This can lead to injury or even death.

SECTION 2: In case of an emergency, a lack of signage can cause it to be hard to locate a user. This can hurt them if they are calling for help, as they might not know where they are, or it might make it hard for emergency personnel to locate the user fast enough to act.

SECTION 3: Without proper signage, users could get stuck in an unfamiliar area. If they are not prepared for the harsh conditions of some areas of Nevada, it could be hard for them to find help. This can lead to drastic and even fatal injury.

SECTION 4: This ACT will be effective upon final passage.
