

NEVADA GIRLS STATE
ASSEMBLY BILL NO. 24

AN ACT that will prohibit the production and selling of artificially flavored nicotine and tobacco products such as vapes, pods, juuls, bongos, electronic cigarettes, and other smoking devices.

SECTION 1: Flavored products are more appealing to both smokers and non smokers, creating an interest in tobacco products.

SECTION 2: Flavored tobacco use is higher in younger adults than in older adults. The majority of current young adult tobacco users report flavored tobacco use.

SECTION 3: Flavored tobacco products target a younger audience causing early dependency in youth and young adults that may increase the probability of addiction.

SECTION 4: Research shows that the majority of non-cigarette tobacco users have used a flavored product. Prohibiting flavored tobacco may prevent people from starting smoking.

SECTION 5: This ACT will be effective upon final passage.
